## **STRILLIUM** Technology

Trillium Technology Pty. Ltd. ABN 66 092 094 696 50 Duke St., Abbotsford, Victoria, Australia, 3067 Phone: +61 3 8413 0400 Fax: +61 3 9429 5667 Email: sales@trillium.com.au Web: www.trillium.com.au

The following list indicates which models of telephones are known to be compatible, or incompatible with each different version of Telephone Recording Adaptor. Where there is no information entered we unfortunately have no data on compatibility. In this case the phone may be assumed to be similar to other phone models of the same brand.

Please note that most phones listed here are for business systems. Generally, any Line-Connect style telephone (i.e, an analog home telephone) will be compatible with the Line Connect (LC) models. If using an analog home telephone, Handset Connect models are in most cases compatible provided there is a handset with a detachable curly cord.

The "  $\sqrt{}$  " indicates compatible Recording Adaptors for your Telephone.

The "X" indicates incompatible Recording Adaptors for your Telephone.

The "[1], [2], [3], .... " indicates relevant Notes at the bottom of the page. This is important information relating to the particular combination of hardware.

The " \* " represents where the Comments section should be Noticed.
